## **5<sup>th</sup> MONDAY Show and Tell – NO RULES – all welcome – Monday July 30<sup>th</sup> 8pm**

Everybody is welcome for the second of 2018s 'Show and Tell' 5<sup>th</sup> Monday evenings.

There are no set rules as to what and how you relate your proposed AV productions at the meeting. A good chance to show and tell what your planning in AVs. A few images and a bit of music for discussion of an idea or a test of concept. Just a group of themed images is a starter about an idea to test with the audience at Monday nights Show & Tell. It does not have to be with the intention of making an AV although the use of AV production concepts and techniques is probably a good idea.

As a starting point bring along on a USB stick 15 related themed images, in order, for presentation and discussion. Perhaps a selection of 15 images from your EDI competition entries could be used to illustrate 'your style of photography' or perhaps 15 images from your recent travel photography. The next level of challenge would be to form the 15 images into a short AV presentation using ProShow Web free production tools or other inexpensive software. Paul Palcsek would like to receive some feedback on how this expanded concept might be developed and promoted to everybody.

Come 30 minutes earlier for a chat and coffee and review the equipment and computer set up.

**Hope to see you at one or more of these events. Any questions eMail or phone me.
